## How to get the key?

### 7 Account EasyFix website »

After the first successful login the page with your EasyFix key will be displayed. Your key will also be sent automatically to your e-mail.

Click on the "copy the key to the clipboard" option to save the key in the computer's memory and then paste it directly into the EasyFix program.

The screenshot shows the EasyFix user interface. At the top, there is a navigation bar with the RAWPLUG logo, a language selector set to English, and a user profile icon with the text "Your product key" and a "Log out" link. Below the navigation bar is the EasyFix logo and a menu with links for "Download EasyFix", "Why use it?", "Support", and "Contact". The main content area has a light blue background with a network pattern. It displays the text "Your unique key enabling access to the extended version of EasyFix is:" followed by a redacted key. To the right of the key is a "Copy the key to the clipboard" button with a hand icon pointing to it. Below the key, it says "An email with your key has been sent: 2019-04-08, 13:41:06" and a "SEND MY KEY AGAIN" button. At the bottom, there is a section titled "The key to be generated will be assigned to the account identified by the following data:" with two redacted fields: "Engineer" and an email address. Below these fields is an "EDIT YOUR DATA" button and the text "Here you can edit the basic data". At the very bottom, there is a disclaimer: "We store all your data and consents in the Rawlplug ID service. Here you can edit or delete your account." and a link "Go to" followed by the RAWPLUG ID logo.

## How to download EasyFix?

### 8 Downloading EasyFix website »

Go to the "download EasyFix" section and click on the software icon to download the appropriate EasyFix installation file.

While the software is downloading you can refer to the installation instructions in the window that will be displayed automatically after the download starts.

**Thank you for downloading EasyFix!**

Your download has just started, and it will only take a moment.

Make the most of it to find out about other professional services from Rawlplug: BIM Rawlplug, Product Selector, Technical Library, Rawlplug Technical Helpdesk, and Technical FAQ. You can find them all [here](#).

Your Rawlplug ID gives you access to all of their extensive features for free.

[SEE YOUR KEY](#)

To make the most of the entire array of EasyFix features, retrieve a dedicated activation key.

---

Installation guidelines for Windows operating systems.

Your installation file is being downloaded. Upon download completion, it will be saved on your hard drive. To install EasyFix, execute the file saved on your hard drive to start an automatic installation process. Run the program when the installation is complete. It will display a window with a field for the activation key to be entered, which will allow you to get free access to the unlimited version of EasyFix.

You received the key upon registration, and it has also been sent to your e-mail. [See your key](#)

The screenshot shows the EasyFix website interface. At the top, there's a navigation bar with the Rawlplug logo, language selection (English), and user account options. The main heading is 'Download EasyFix'. Below the heading, it states: 'The latest version of the EasyFix program is available for Windows (version 7 or newer) and macOS (10.10 Yosemite or newer)'. There are two main download options: a Windows icon with a hand cursor pointing to it, labeled 'v. 4.4.9' and 'Download for Windows - 282MB', and a macOS icon labeled 'The macOS version will be available soon!'. Below this is a 'Revision history' section showing 'v. 4.4.9 current version' and a list of updates: 'Updating product data.' and 'Repair of minor system errors.'

## How to install EasyFix?

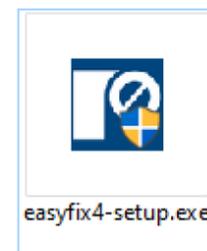

9

Installation  
EasyFix software »

Find the installation file on your computer and install the EasyFix program.

If you cannot find the installation file on your computer, check the "downloads" folder or search for the file named "easyfix4-setup".

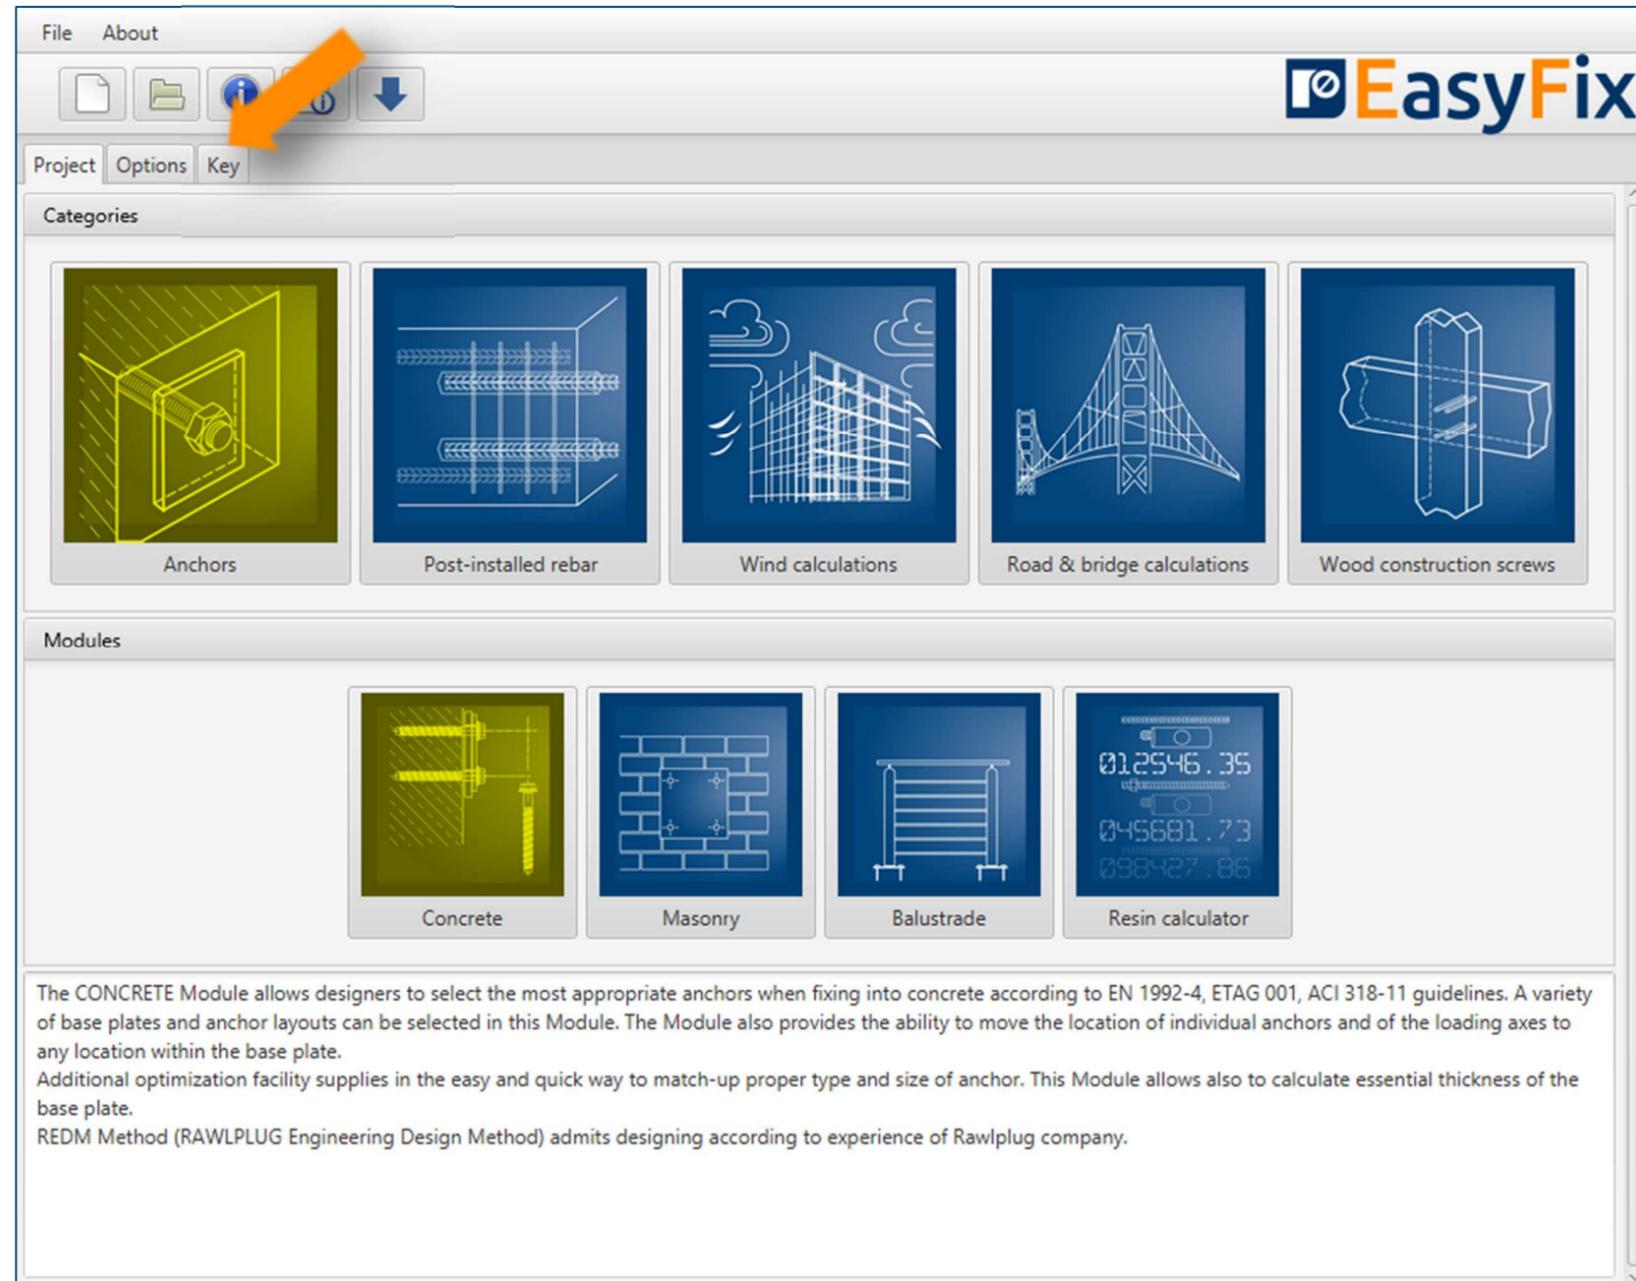

## First run of the program

# 10

Starting up  
EasyFix software »

Start the EasyFix program and go to the key  
tab to enter your key.

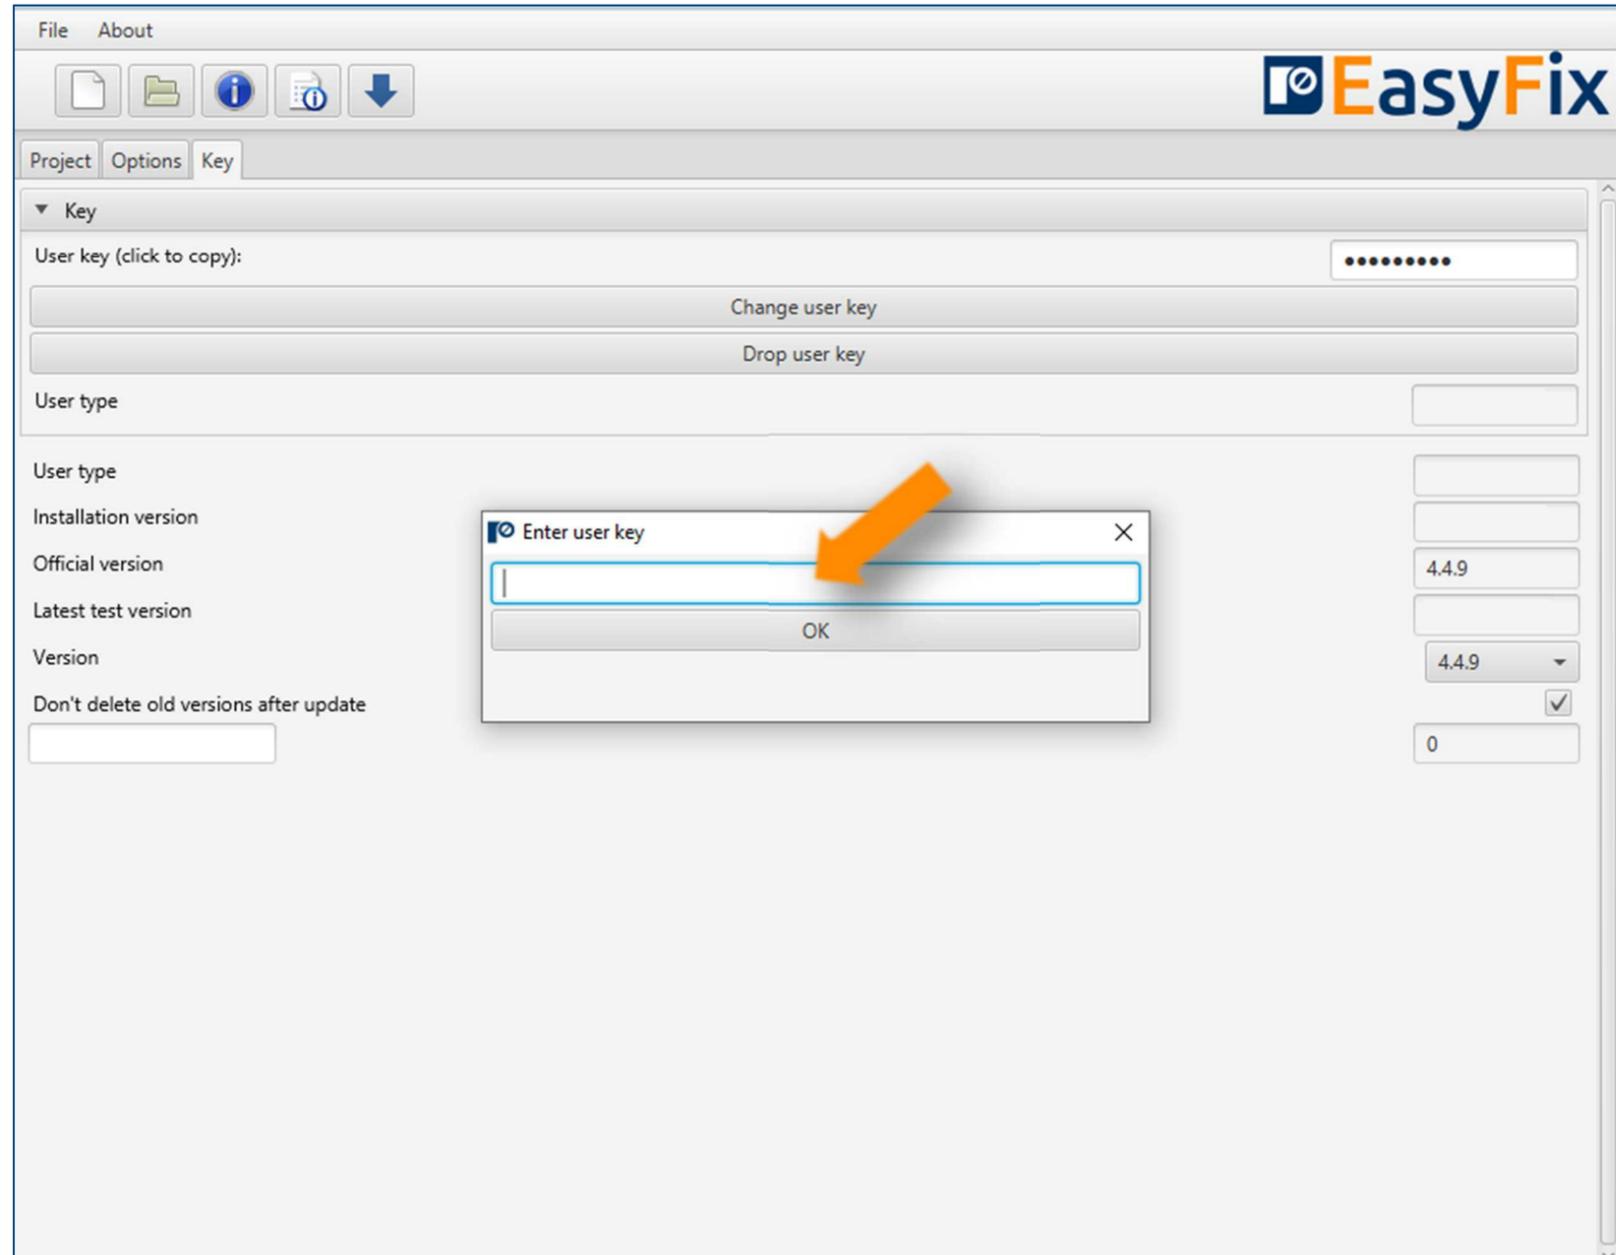

Remember that you need an active internet connection to verify the key.

## Entering the key

11

Key  
EasyFix software »

Enter the activation key and confirm changes.

You can find the key in the e-mail or after logging in by the account tab on the website [www.easyfix.rawlplug.com](http://www.easyfix.rawlplug.com).
