strength and a harmonious
design.**

Product detail

Benefits

Strength and harmony

This rounded fence eliminates the need for 2 welds for greater strength and security during installation.

Quality and durability

- Galvanising provides long-lasting corrosion protection in all weather conditions
- The rounded top section, carefully welded tubes and reinforcements in the bottom corners make the frame robust
- High-quality wires, individually welded to the frame, ensure optimal tensioning

Choice and flexibility

The options and accessories in the Tempofor® range can be tailored to the specific needs of each site:

- Fences offering different combinations (tube, wire, mesh)
- Tailored options and accessories (blocks, connectors, braces, etc.).
- Complementary products (gates, turnstiles, transport racks)
