

Tempofor® PROTECT SECURE

Particularly suited to sensitive sites, Tempofor® SECURE site fencing ensures safety thanks to its small, anti-climbing mesh and thick, hard-to-cut wire.

Benefits

Security and functionality

Its design ensures enhanced security, discouraging intrusions and malicious acts.

Quality and durability

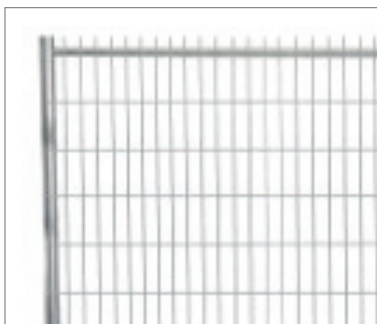

- Galvanising provides long-lasting corrosion protection in all weather conditions
- The four tubes are carefully welded, making the frame robust
- High-quality wires, individually welded to the frame, ensure optimal tensioning

Choice and flexibility

The options and accessories in the Tempofor® range can be tailored to the specific needs of each site:

- Fences offering different combinations (tubes, wires, meshes)
- Tailored options and accessories (tamper-resistant connectors, holders for barbed wire, anti-lift device, braces, etc.).
- Complementary products (gates, turnstiles, transport racks)
