

Tempofor® PROTECT ULTRA

Tempofor® ULTRA site fencing is ideal for rental. The combination of a robust frame and a larger wire diameter ensures panels can be reused several times.

Product detail

Benefits

Intensive use

- This ULTRA reinforced fencing can be reused and manoeuvred several times.
- Multiple options for added strength (reinforced corners, central tube).

Quality and durability

- Galvanising provides long-lasting corrosion protection in all weather conditions
- The four tubes are carefully welded, making the frame robust
- High-quality wires, individually welded to the frame, ensure optimal tensioning

Choice and flexibility

The options and accessories in the Tempofor® range can be tailored to the specific needs of each site:

- Fences offering different combinations (tube, wire, mesh)
- Tailored options and accessories (blocks, connectors, braces, etc.).
- Complementary products (gates, turnstiles, transport racks)
